PROFESSIONAL SUMMARY

IT professional with a First-Class Honours BSc in Computing from Leeds Beckett University and over three years of experience across IT support, technical education, programming, databases and user troubleshooting. Experienced in resolving hardware, software, account-access and application issues in person and remotely. Strong foundation in Windows, Linux, networking, SQL, web technologies and cybersecurity tools. Currently completing a Master of Security Management in Australia and seeking opportunities in IT Support, Service Desk, Desktop Support, Junior Systems Administration, Networking or Cybersecurity.

TECHNICAL SKILLS

IT Support & Service Desk: Hardware/software troubleshooting, user support, remote assistance, ticket documentation, account-access support, Microsoft Office

Operating Systems: Windows, macOS, Linux, Android

Networking: TCP/IP, DNS, DHCP, LAN, WAN, FTP, basic network troubleshooting

Programming & Web: C, C++, C#, Java, PHP, JavaScript, jQuery, HTML, CSS

Databases: MySQL, SQL, Oracle

Development Tools: Git, GitHub, Visual Studio Code, XAMPP/WAMP, IDEs, Spring Framework

Cybersecurity Tools: Nmap, Wireshark, Metasploit, Armitage, Burp Suite

Remote Support & Collaboration: Quick Assist, TeamViewer, Microsoft Teams, Zoom, Google Meet

PROFESSIONAL EXPERIENCE

Senior Lecturer & IT Support | Kathmandu Model College |

Jul 2021 – Feb 2025

Bagbazar, Kathmandu

- Provided front-line IT support to students and staff, resolving login, software, system and classroom technology issues in person and remotely.
- Delivered practical and theory classes in C, PHP, JavaScript, jQuery and SQL, translating complex technical concepts into clear, user-friendly explanations.
- Mentored more than 100 students on programming and database projects, including debugging, system errors, optimisation and project delivery.
- Guided students in the safe use of software, development tools and computer laboratory environments.
- Assisted with day-to-day technical troubleshooting and supported reliable operation of IT labs and learning systems.

IT Support Intern | NECO Insurance | Butwal, Nepal

Mar 2017 – Sep 2017

- Assisted with hardware and software troubleshooting and day-to-day IT operational support.
- Supported users with routine system and application issues and escalated more complex problems when required.
- Contributed to system documentation, issue tracking and digital reporting to improve accuracy and consistency.

EDUCATION

Master of Security Management | Global Higher Education |

Sep 2025 – Present

Australia

Current academic performance: High Distinction (HD)

BSc (Hons) Computing – First Class Honours | Leeds

Oct 2017 – Sep 2021

Beckett University

Higher Secondary Education (+2) – First Division | New

Mar 2015 – Apr 2017

Horizon College | Nepal

SELECTED PROJECTS

Web Application with Payment Integration: Built and maintained a web application integrating PayPal payments and automated email confirmations.

E-commerce Web Application: Led a team to develop a functional shopping platform with administrator, trader and customer logins, discount coupons and PayPal payment functionality.

Java Image Processing: Debugged and tested a byte-pattern image-processing application and supported performance and reliability improvements.

IT Lab Support: Provided practical troubleshooting assistance during C and SQL projects, helping users resolve software, configuration and coding issues.

Portfolio Website: Personal technical portfolio showcasing web and IT project work: f1amer.github.io/web/

SOFTWARE DEVELOPMENT & QUALITY ASSURANCE

- Object-oriented programming and data structures using Java, C, C++ and C#.
- Debugging, code optimisation and refactoring to improve maintainability and performance.
- Unit testing experience with JUnit and NUnit and familiarity with test-driven development principles.
- Git/GitHub version control and collaborative development practices.

CERTIFICATIONS

- Google Digital Marketing Certification
- HackerRank SQL Certification
- RangeForce Security Certification

CORE STRENGTHS

Technical troubleshooting • Customer service • Clear communication • Problem solving • Teamwork • Adaptability • Time management • Attention to detail
